Extruded Headbox Colors

OASIS2800 Patio Sun Shades

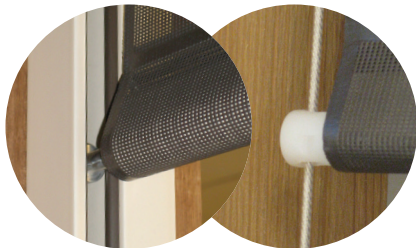

Manual crank & gear or motorized exterior solar screen shades for large patio applications up to 19' wide

- Sun glare, heat, UV, and golf ball protection
- Welded fabric edges and hem pocket to prevent fraying or tearing, with heavy-duty aluminum hem bar
- Heavy-duty side track or cable system
- Manual shade widths up to 16'

5" x 5 1/2" extruded aluminum head box

Choice of track (left) or cable (right) guide system

Motorized or Manual Operation

Oasis 2800 is available with manual crank operation or motorized operation with the full complement of control options available.

OASIS2900 Patio Sun Shades

Motorized exterior solar screen shades and retractable insect screens for patio, door, garage, and window applications up to 19' wide

- Sun glare, heat, UV, golf ball, and insect protection
- Weighted aluminum hem bar with 1" seal strip
- 4-sided seal keeps insects OUT of patios and windows
- Zipper welded to fabric edges keeps fabric taut in side tracks

5" x 5 1/2" extruded aluminum head box

Zipper retention track system

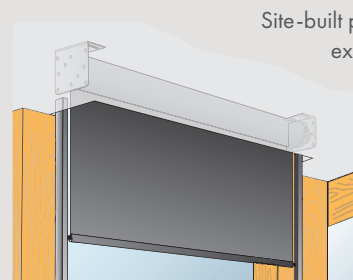

Motorized Operation

Oasis 2900 patio shades are motorized for convenient, safe operation. Available with the full complement of control options.

Exposed Roller Bracket Option for simplified look or "built in" 2800 and 2900 shades

For new construction applications – shade is built into a pocket cavity above ceiling. When in use, it lowers from pocket, and retracts into pocket out of view when not needed.

Site-built pocket cavity OR extruded aluminum pocket options
